Decking

Cook County Lumber carries the Fiberon® line of Composite Decking Products, which includes the matching rail system, Washington Rail. Fiberon® Professional Decking is strong and durable without splitting, warping or cupping. The textured surface makes Fiberon® Decking water-resistant and slip proof. No special tools are needed, since this decking works like wood, making installation fast and easy. Fiberon® Decking comes with a 20-year limited warranty, ensuring its lasting performance and beauty.

Clear Vision System

Cook County Lumber provides an incredible outdoor experience with Fiberon® Clear Vision System decking panels. This line provides an alternative to today's average fencing and paneling. With this system you are able to enjoy the view from all angles, including through your railing! And with the Fiberon® Horizon Railing system, your outdoor décor will last years, making the experience even better.
