with CertainTeed FiberCement Siding.

CertainTeed offers you two lines of fiber cement siding to bring your home exterior to life.

WeatherBoards™.....Page 5

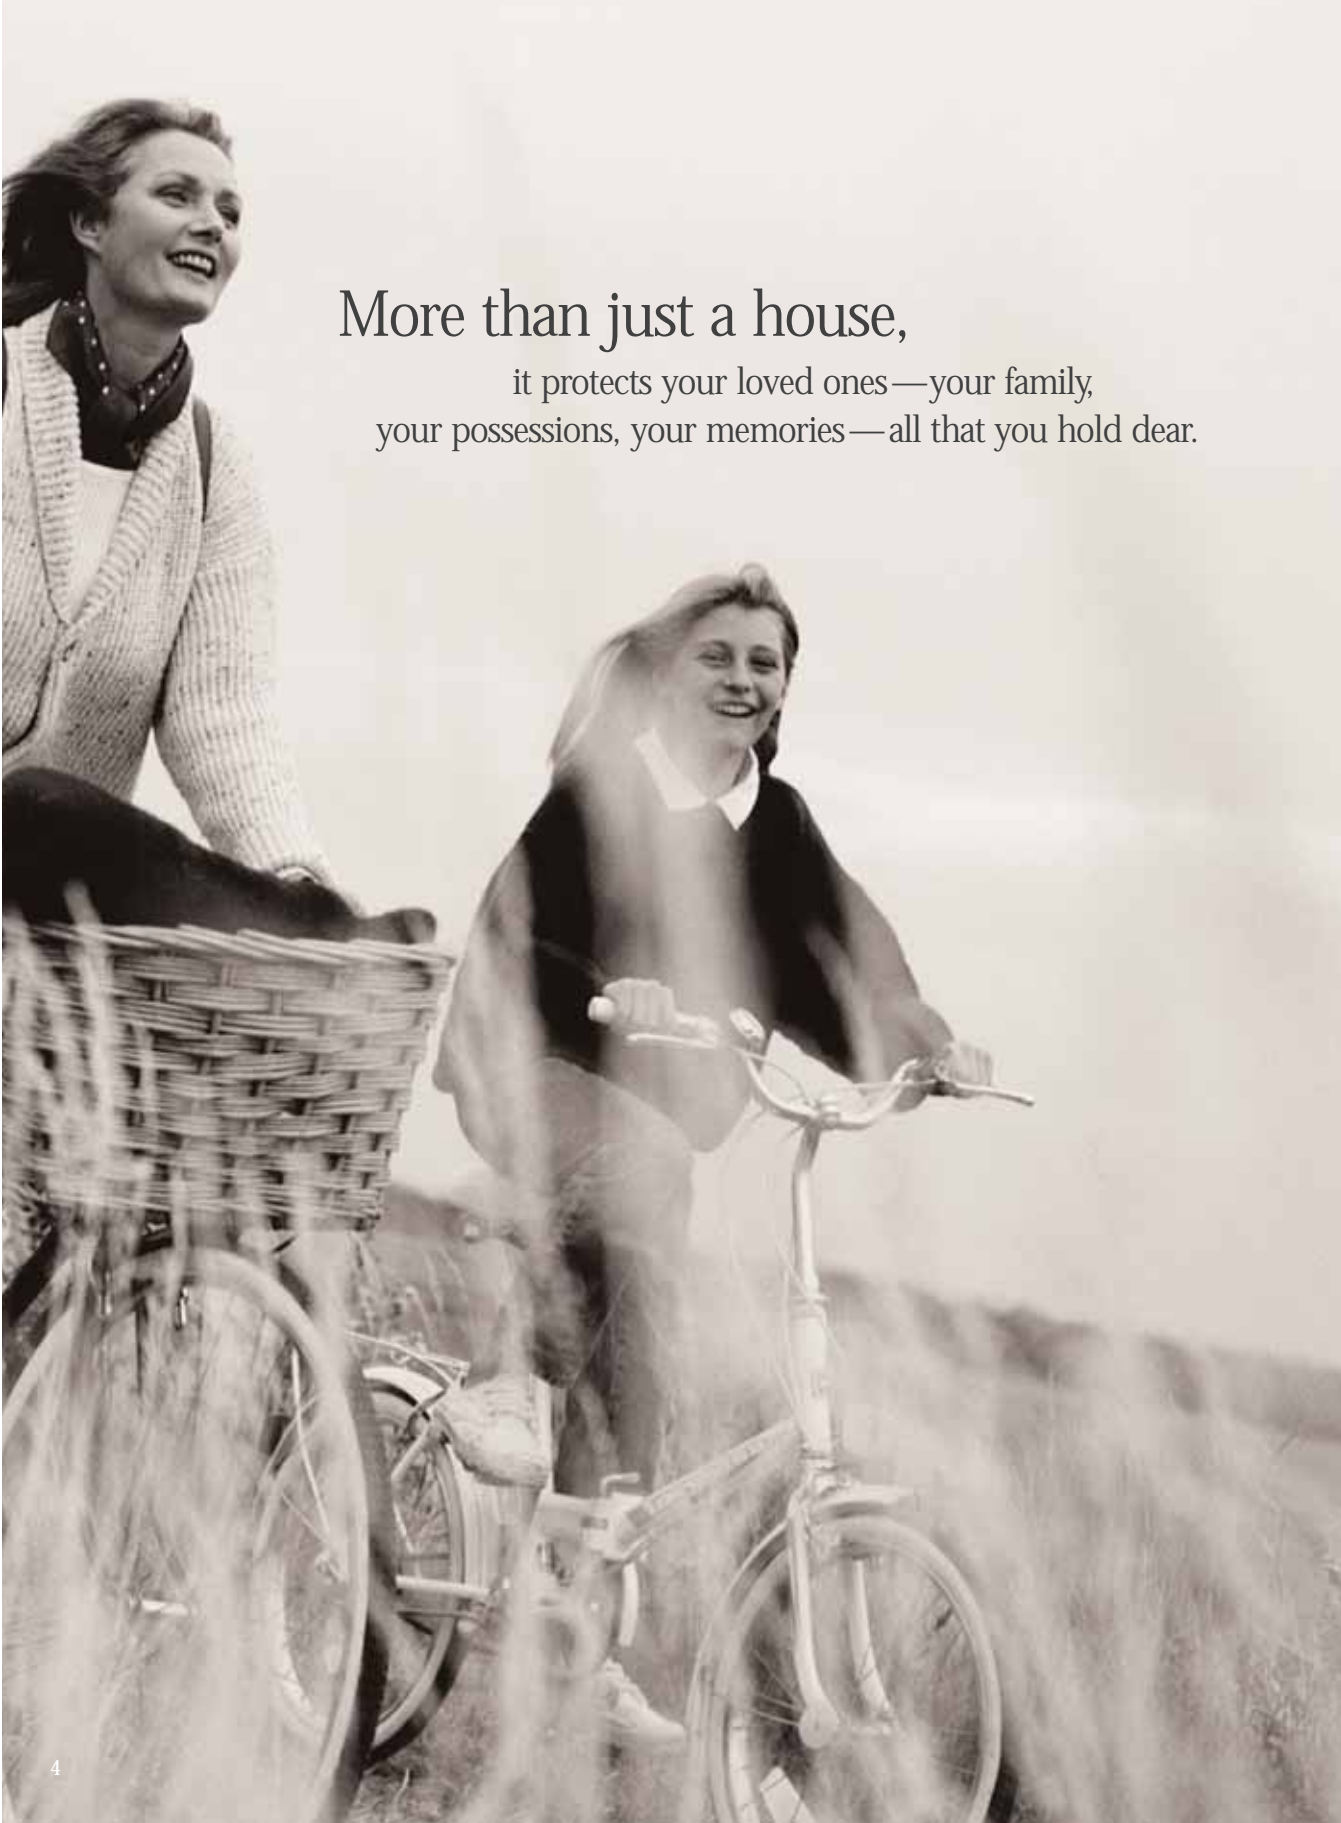

CertainTeed WeatherBoards™ FiberCement Siding provides an authentic wood grain appearance and lasting features. Includes shapes, lap siding, vertical siding, soffit and trim.

ColorMax™.....Page 17

CertainTeed ColorMax™ Prefinished FiberCement Siding offers an authentic wood grain appearance in a gorgeous palette of 16 designer colors, factory-applied and delivered to your door.

Both lines of CertainTeed FiberCement Siding are sustainable. So they're not only beautiful in appearance, but also environmentally sound. So you can feel good about your fiber cement siding choice—whichever one you choose.

More than just a house,
it protects your loved ones—your family,
your possessions, your memories—all that you hold dear.

WeatherBoards™ FiberCement Siding

Sea salt and high winds are no match for durable WeatherBoards™ FiberCement Siding. WeatherBoards Lap Siding beautifully adorns and protects this coastal home. The beautiful custom paint color complements the beach environment.

Right: A board and batten look is recreated using WeatherBoards™ Smooth Vertical Siding on the backside of the home for added visual interest.

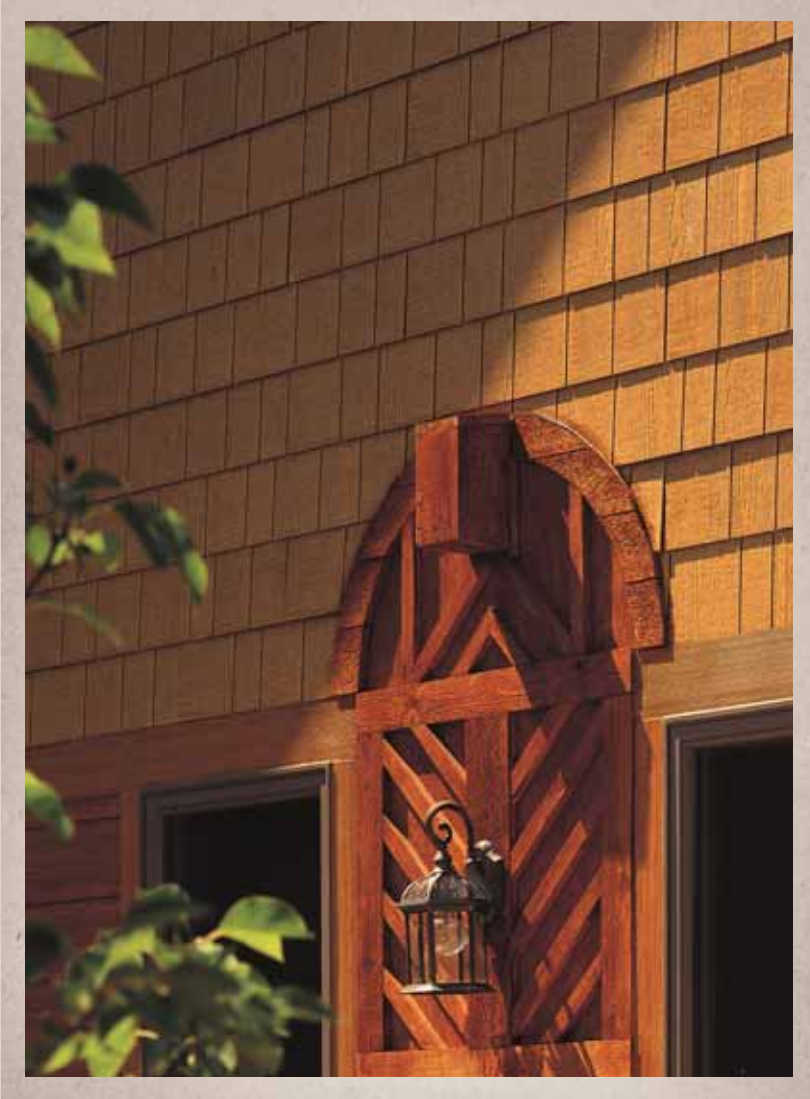

A black and white photograph of a man in a t-shirt pushing a woman in a wheelbarrow through a garden. The man is smiling and looking at the camera, while the woman is also smiling and looking at the camera with her feet sticking up. The background is filled with lush foliage and a stone path.

Home is where you are at ease—
where you can kick back,
be yourself and find contentment.

The great outdoors has met its match with beautiful WeatherBoards™. The combination of WeatherBoards Lap Siding pre-stained in Redwood and Random Square Straight Edge Shapes pre-stained in Maple, creates a facade that complements the rustic surroundings. The low-maintenance beauty puts homeowners right at ease without having to worry about constant upkeep.

Above and right: The authentic wood grain provides a rustic richness that complements the surroundings.

You find strength at home.

It's your family's fortress.
Where you share your triumphs.
And experience the ups and downs of everyday life.

ColorMax™ FiberCement Siding

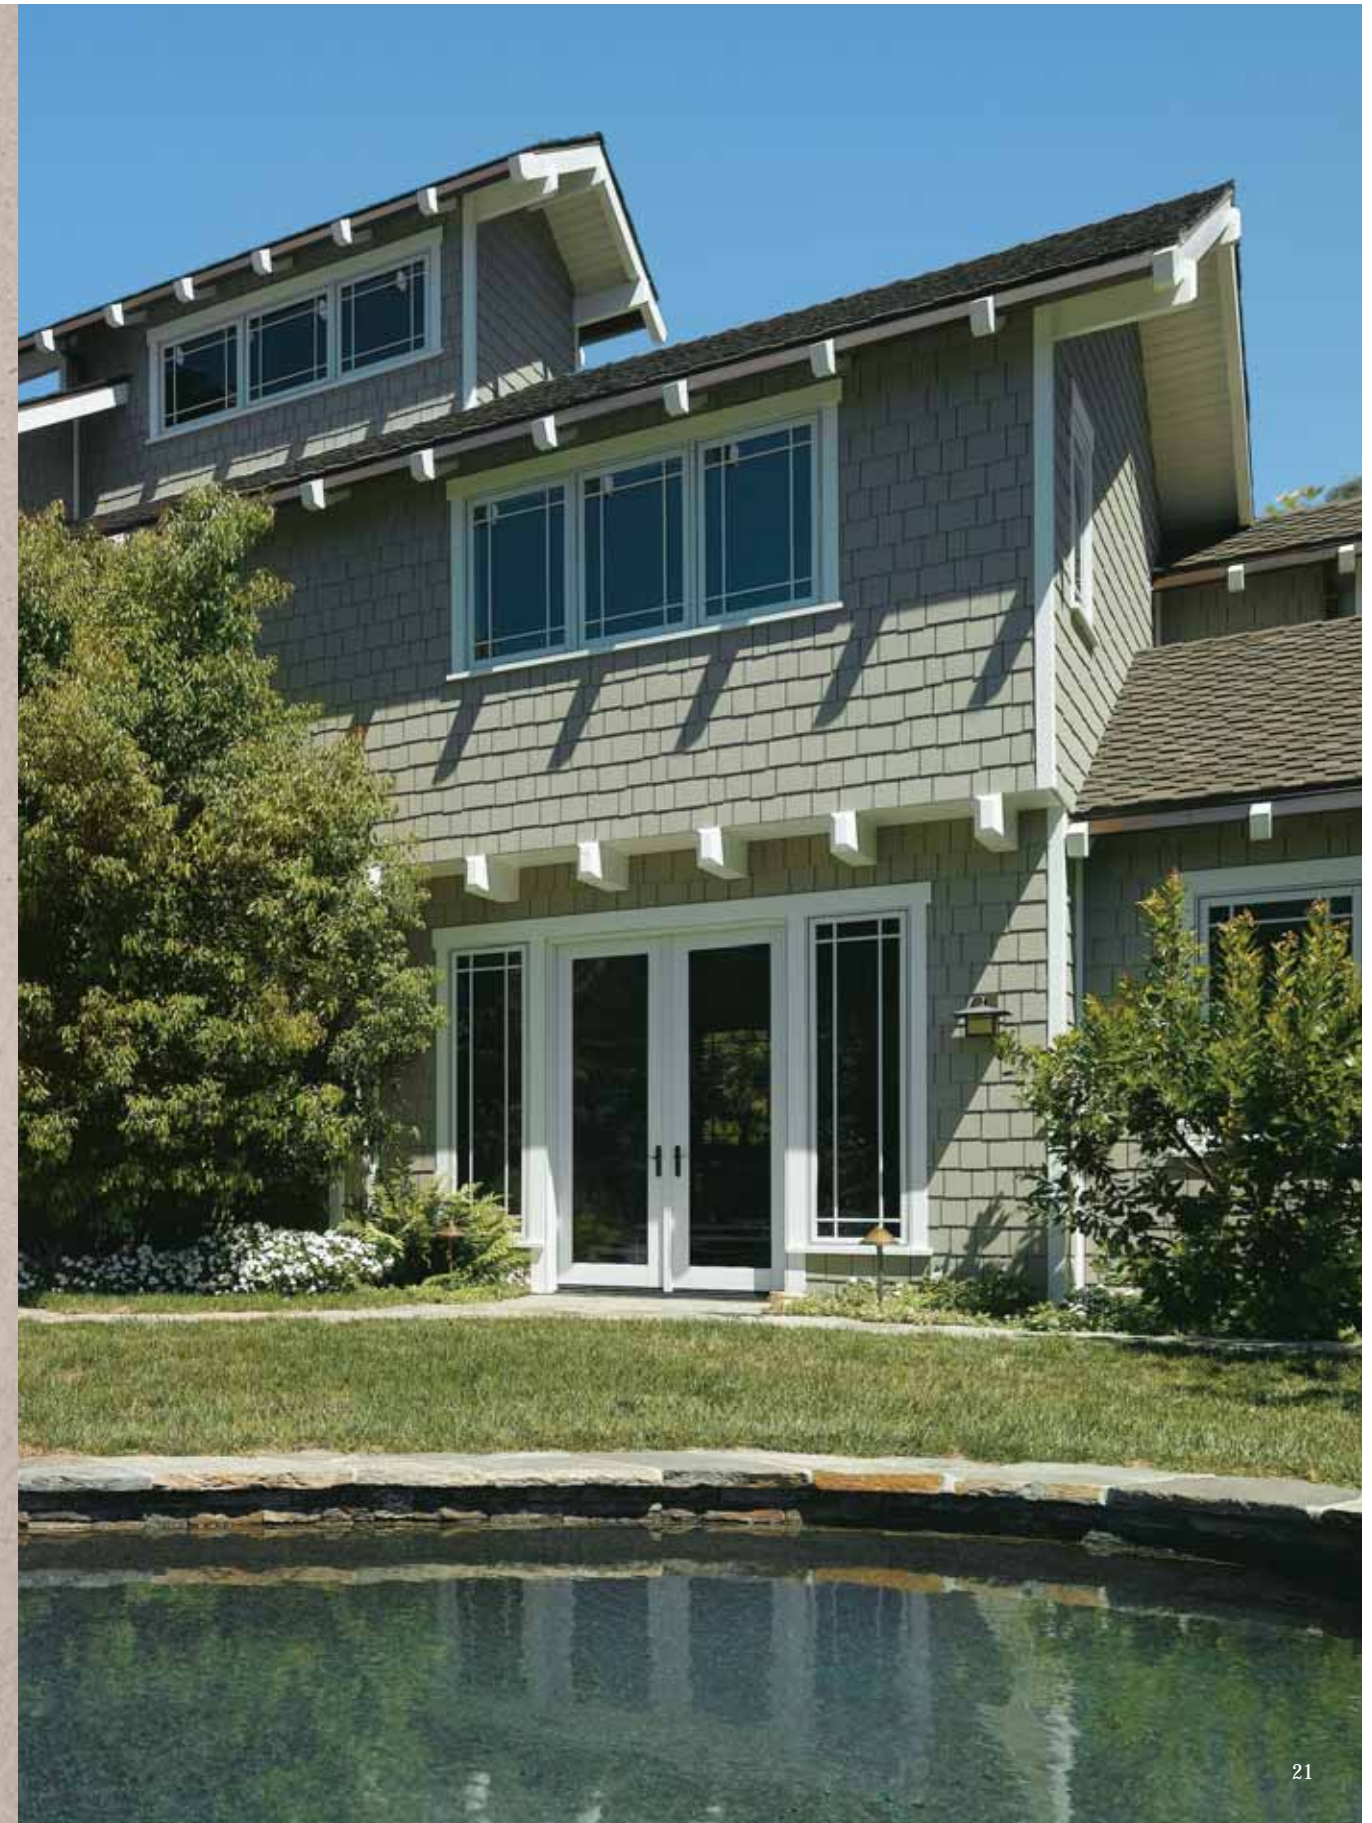

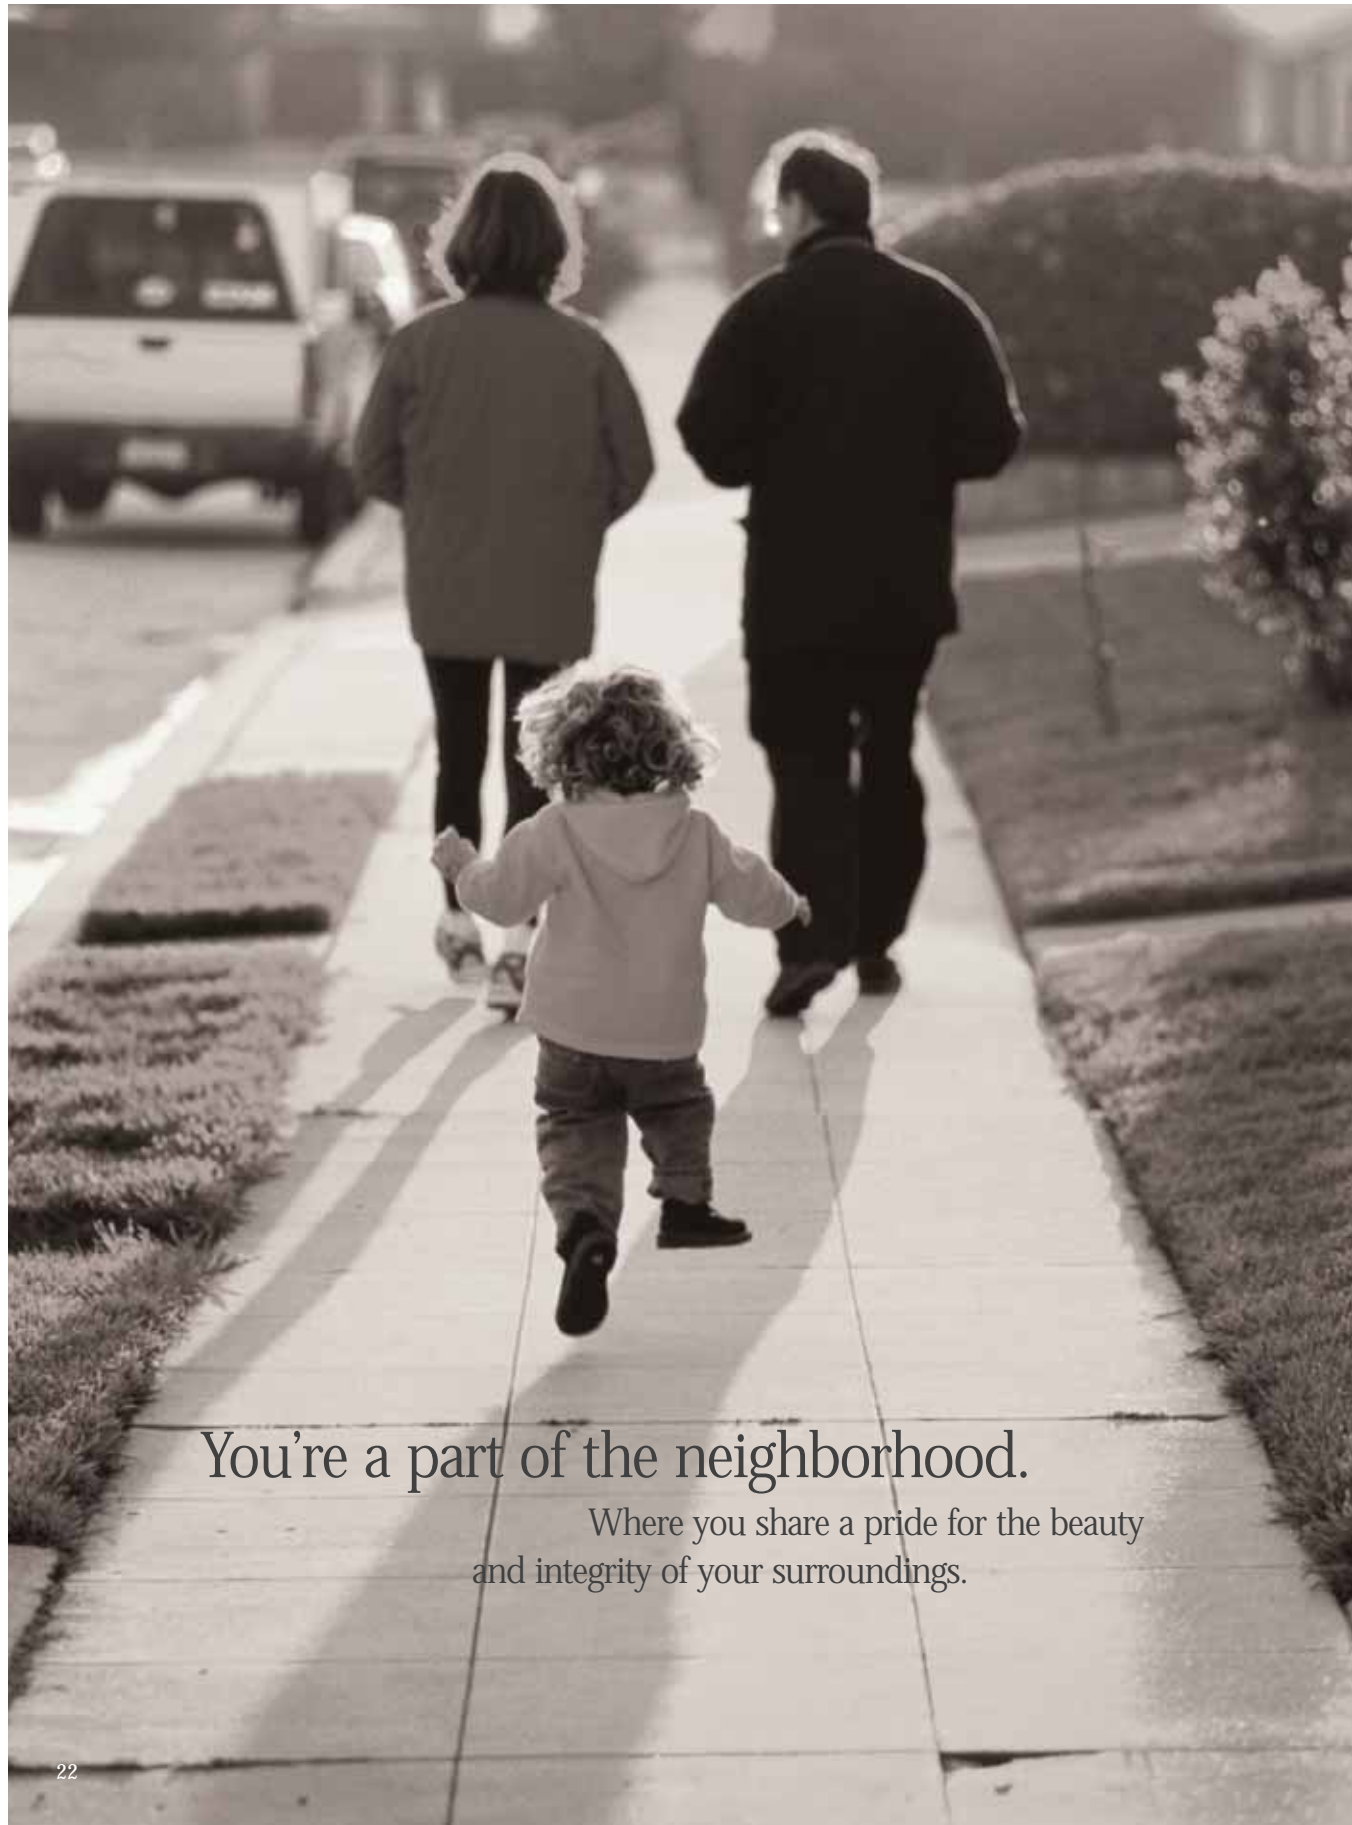

ColorMax™ Random Square Staggered Edge Shapes enhance the architectural beauty of this home. The Nantucket Gray color adds to its strong presence and inviting style.

You're a part of the neighborhood.

Where you share a pride for the beauty
and integrity of your surroundings.

ColorMax™ FiberCement Lap Siding in Autumn Red gives this
home a sunny disposition from the peak to the porch.

Right: The porch provides a warm welcome with white railing that contrasts the Autumn Red ColorMax Siding.

WeatherBoards™

Our beauty is more than skin deep. CertainTeed WeatherBoards™ FiberCement Siding features the most authentic wood grain in the industry, so you can enjoy the handsome appearance of wood without all the upkeep. But the real difference between WeatherBoards and similar products is the stronger and more durable material. It's built to take on the elements and then some.
